Your AEA bargaining team met with the AUSD bargaining team on Wednesday, January 20th for the first session to bargain a successor agreement. The tenor at the Bargaining Table remained positive following last year's negotiations. Both sides expressed their intent to build on past success and find solutions to problems presented in this round of negotiations.

A comprehensive break-down of the proposals presented and discussed at this Bargaining Session are listed on the backside of this memo.

Our next Bargaining Session will be on Friday, February 5, 2016. Don't forget to wear your green AEA button on the following Bargaining dates listed below.
